

Thief River Falls, MN – The call from Pink riders nationwide has reached Arctic Cat and we've responded. What started as a pink color scheme offering on a limited number of F6 snowmobiles in 2008, has led to The Limited Edition Pink Accessory Kit for those who want to update their existing Twin Spar chassis F or Z1, PLUS want something entirely different than the norm, at a price cheaper than an aftermarket decal kit can provide.

For more information on the LE Pink Accessory Kit, please visit your local Arctic Cat Dealer or log on to www.arcticcat.com.

'09 F –LXR Accessory Kit Includes:
