

Hello everyone!

What a cool opportunity for me to be the judge for the Pink Ribbon Riders "Pinked Out" contest. After seeing all these cool Pink Sleds, I'm thinking I might need to add a little Pink to the fleet this year.

So my pick for this years "Pinked Out" sled goes to *Jaime Shimon!* Not only is it a very clean, cool looking sled, but I can't imagine what it Takes to deal with the emotional headaches of working in the medical Field. I can tell this snowmobile is very special to not only Jaime but her patients as well.

Congratulations Jaime!

For the runner up spot, this was a tough one. But my second choice was Nicole Schonblom's Arctic Cat F6. It's good to have Nicole back on The pink side of things and she looks pretty pumped on her flashy f6. Looks like she rides this sled with pride as does all the Pink Ribbon Riders!

I hope I can be a part of this contest next year and it's been great reading And seeing all of the supporters of this great organization!

Let it snow!
